QUALITY GLADIOLUS

Spring 1938

TWO OUTSTANDING VARIETIES OF THE NEWER INTRODUCTIONS

New Era

The "Glad With a Personality". Originated by Ellis and introduced by Majeski, New Era is fast becoming a leader among the newer glads. It has a wonderful record wherever shown.

It is eosine pink, blended with LaFrance pink with soft cream throat and white midribs. The florets open wide and are perfectly ruffled and frilled, with perfect placement on a straight, graceful spike.

Prices per each:

Large, \$3.50; Medium, \$2.50; Small, \$1.50.

Bulblets, per each, 25c; 10 for \$2.00; 100 for \$16.00; 1,000 for \$120.00.

Shirley Temple

Named in honor of America's "Little Sweetheart", this new Pruitt introduction of last season has in one short year captured a high place in the gladiolus ranks. It is without peer among the newer varieties.

It is a light cream with darker throat. The florets, large, beautifully ruffled and of heavy substance, are set in fine placement on a tall spike similar to Picardy. SHIRLEY TEMPLE is a sure winner.

Prices per each:

Large, \$3.75; Medium, \$2.50; Small, \$1.00.

Bulblets, per each, 50c; 10 for \$4.00.

RETAIL PRICE LIST

Foreword

The 1937 growing season in the Rogue River Valley of Southern Oregon has yielded a fine crop of gladiolus bulbs for the winter and spring trade. From our 22 acres we have harvested an excellent supply of superior bulbs, and we take pleasure in offering the following quotations. Also, at this time, we wish to thank again our customers for favors of the past year.

Last summer, when Henry B. Majeski (Redwoods Gladiolus Gardens) closed out his business, the entire stock and equipment was purchased by G. A. Shaw & Sons to augment our already large supply. In this we present a two-fold advantage to our customers: First, we offer twice the number of varieties from which to select orders, and, second, we have nearly twice the amount of stock from which to fill the orders.

We especially wish to call attention to our offers in SHIRLEY TEMPLE and NEW ERA appearing on Page One. Last year these two outstanding late introductions were recognized as “comers.” This year they have established a place for themselves as leaders among the newer glads.
